DEDICATED HOSTING SERVICE
Dedicated 1U rack server
call 508-771-7447 for pricing

Sign up for our **Dedicated Hosting Service** and we will host and manage your server for you. This allows your IT staff to focus on other tasks while ensuring that your website enjoys a high-speed, fully redundant connection to the Internet. Each 1U machine includes the following features:

- Monthly Site Management Review
- 8 IP Addresses
- 20 Gigs of monthly traffic
- 1 power outlet (up to 2 amps / 250 watts)
- 1 10/100 switched Ethernet port
- Application of Microsoft patches and hot fixes
- FTP Account for updates and basic authentication
- Full Domain Name Management

ADDITIONAL SERVICES

We provide a number of marketing, consulting and development services that customers can purchase on an as-needed or retainer basis.

All customers should review our Legal Terms and Conditions and must comply with our Acceptable Use Policy and Customer Terms of Service
